2. ASYNCHRONOUS DELIVERY EXECUTION PROTOCOL

DELIVERY LEVERAGE

Replace exhausting 1:1 weekly calls with high-impact asynchronous rubric reviews.

01

Client Submits Weekly Milestone

Client submits their completed worksheet or asset by Wednesday 18:00 via the Notion Client Portal.

02

Thursday Audio / Loom Rubric Review

Between 14:00 and 16:00 on Thursday, review the client's work and record a 5–7 minute forensic feedback breakdown.

03

Saturday Group Synthesis Lab

Use common friction patterns identified during Thursday reviews as live case studies in Saturday's 90–minute Execution Clinic.

THE LEVERAGE LAW

A 5–minute precise Loom video delivers 10× more actionable value than a meandering 60–minute Zoom call filled with polite conversation.
